1. DISCUSSION REGARDING DESIGN STANDARDS ON 8TH STREET AT 6TH AVENUE

During the public informational meeting for the 8th Street project, it was discussed that design standards dictate that 6th Avenue would need to have a center median on 8th street restricting the intersection to right turn in and out traffic. The adjoining property owner would like to discuss the possibility of deviating from the recommended design standards. Options would be to follow design standards, allow a raised drive over median, or to eliminate the median in this section of 8th Street at 6th Avenue.
